Current Membership:

Active Members: 60

Down 3 from last year; had 8 new members

Keep recruiting others in your agency, especially new employees.

Total Assets as of 10/03/24:

Checking Account: \$12,407.37

PayPal: \$47.77; should have \$225 coming in soon from our vendor, Evident

A few conference fees are still not paid.

2025:

Dues notices will be sent via email in early January. Reminder that memberships are now \$25. I will be trying a Google form, in addition to the paper one, this year for membership renewals and maybe applications. Question: Do we have to have that fingerprint thing on the application? – **insert convo with Zauner about this**

Send me suggestions of anything you would like to see with the division going forward. Always looking to update things and make them easier/better for members. We do this for you guys, and it doesn't exist without you.

- ***Editor's report – Kaitlin Reed***

Going to continue to with how newsletters were this past year. Will get pictures to those who want them, and they will be in newsletter. M. Webb mentioned to add in some member spotlights.

- ***Old Business:***

As proposed last year, we purchased banners. They turned out great and we can thank Kacie Proffitt for designing and taking care of these.

We also are having a workshop today with John Vanderkolk. It was suggested that having more workshops could get more people to attend, so hopefully you guys enjoy today. Let us know what type of workshops you would like to see in the future.

Question was asked, “What CSIs would want to see?” Some answers: blood spatter, fingerprint lifting and photography – difficult surfaces, shooting reconstruction. We like the potential to have two and be able to choose which one or have morning and afternoon sessions.

Long group discussion on presenting, getting presenters, topics, etc. Good stuff! 😊

- ***New Business:***

Mallory Webb:

I was contacted by Mallory McCormick from the Chesapeake Bay Division (used to work for the Indiana State Police) about my thoughts on trying to get the International Conference to take place in Indianapolis in the next five years. Explained we need to work on some things within our division, but could be ready and spend the next few years building a strong board and organization. Keep this in mind when we nominate next year’s board members and officers. Mallory and I have been in contact with Candy Murray, the conference planner for the IAI. She has contacted their search company to see if there might be a fit and is supposed to get back with us as soon as she hears. We also have John Vanderkolk in our corner and trying to use his wonderful networking skills to help us out.

Big discussion on future conference in Indy. Went well, I think we are excited to move forward with this, to grow our organization, to become more organized and structured. Let’s go!
